

Omaha Team To Play Fast North Dakota 11 Tonight

Creighton and DePaul Universities on List of North Dakota Wins. Coach West to Start His Best Lineup. North Dakota Beat Some of Strongest Teams in the Country.

SCORE HIGH ON OPPONENTS

In meeting the University of North Dakota football team tonight at Grand Forks, the Cards will face a Jack West-coached team that has scored 273 points against their opponents' 184 in 18 interseasonal games during the past seven years.

Their great record of 10 victories, 6 defeats and 2 ties was compiled against some of the strongest teams in the country.

Numbering among the Nodaks' victims are Creighton, Loyola of Chicago, Loyola of New Orleans, Davis and Elkins, Howard university of Birmingham, Dixie, Duquesne, DePaul of Chicago twice, and the Los Angeles Firemen. The defeats were suffered at the hands of the Haskell Indians, the Army, Duquesne, Loyola of New Orleans, George Washington university, and Texas Christian university.

The West-coached team of three years ago covered themselves with praise when they held Dr. Spears' Oregon university to a 0-0 tie, and George Washington university was barely able to pull into a tie, scoring a last minute touchdown for a 6-6 count.

Dr. Stimson's Work Published in Book

Dr. Claude W. Stimson's work, "Taxation of Tangible Personal Property," is in the volume "Tax Systems of the World," recently published by the Tax Research Foundation under the direction of the New York State Tax Commission.

"Tax Systems of the World" contains complete, detailed information regarding the tax systems of our forty-eight states as well as of other leading countries of the world. It is a collaboration of the research work of many of the nation's leading economists. This is the first year in which it has contained foreign data.

The material is classified by states and countries and also according to the different types of taxes.

SEALOCK WILL GIVE SERIES OF SPEECHES

He will speak at Greenfield, Iowa, this morning on "The Schools and the New Deal," and "The Teaching of Geography With the Balkan States As An Example." He will repeat these talks at Bedford, Iowa, this afternoon and at Leon, Iowa, Saturday morning.

Dr. T. Earl Sullenger, head of sociology department, has recently been elected to the Advisory Board of the Neighborhood Center of the Omaha City Mission.

Season Football Tickets on Sale

Four Home Games Offered To Omaha Students

This year's football ticket sale is well under way, according to Duane Butler and Gene Hoover, ticket salesmen for Sed Hartman, Omaha mentor.

Hartman offers four home games in his present schedule, beginning with Coe College on October 6th at League Park and including games with Kearney on the 12th, Peru on November 2, and Ottawa University on the 23rd.

Sport writers seem optimistic about Omaha's chances and are looking forward to a good year, while the squad is extending every effort to live up to these expectations.

Tickets should be secured from the two above mentioned salesmen or any of their representatives.

WAA HOLD HIKE

Frosh Squad, Card's First

Only Official First Year Team To Represent the Municipal University.

The Omaha university freshman football squad, the first official first-year team ever to represent the university in intercollegiate contests, has been receiving a good share of its daily practice against the varsity in the past two weeks.

Leon Fouts has been in charge of the frosh workouts, and has drilled the boys to the point where they have been able to give the first string some stiff competition on several occasions.

A half dozen games have been scheduled for the freshmen, the opener against Dana college at Blair to be played Saturday, September 29.

Members of the squad: Don Browne, Don Benjamin, Robert Carroll, John Donion, Bob Flesher, Edgar Howe, Karl Joens, Luther Miller, Albert Maris, Bob Novak, John Pearson, Daimon Peasley, George Shackelford, Glen Taylor, Charles Vaughn, Dale Wolf, Louis Welner, John Wachel, and Herman Kortright.

Pledges will be announced Monday evening at the opening meeting of Alpha Theta, local chapter of Alpha Phi Omega, national scout fraternity. The meeting will be held at 8 p. m. at the Hotel Paxton.

QUARTET OF UNIVERSITY STUDENTS MIX WITH HOLLYWOOD NOTABLES

Five thousand miles to Hollywood and back was the adventure experienced this summer by four students of the University of Omaha. Ralph Marshall, Ray Larsen, John Moucka, and Cliff Anderson left Omaha at 2 a. m. on the morning of June 26 for all points west. Their equipment consisted of one dilapidated model "T," a top made of a white shower curtain, and three battered suitcases. The total fortune amounted to \$103.

The first real stop was made at North Platte at 7 p. m. for dinner. Starting again at midnight the boys drove all that night and the next day without stopping, so to speak, and arrived at Laramie, Wyoming, at about 9 the following evening. Pausing only long enough to cook a meal, they continued driving, trusting to the moon for vision because of faulty lights on their car. At 4 in the afternoon of the third day the boys came upon Salt Lake City nestled on the edge of the Great Salt Lake.

All-University Election Is Postponed By Council

Constitutional Breach Called Cause For Postponement. Council And Board Of Publication Members To Be Selected. Petitions Will Be Accepted Until Noon Wednesday.

LIST OF CANDIDATES GIVEN

CLASS ELECTIONS HELD NEXT MONTH

Elections for class officers will not be held for another month and students will be given an opportunity to file petitions at that time, Woodrow Tietzort, president of the Student Council, said Wednesday.

Tietzort explained that several students had handed in petitions for class officers to the Council during the past week with the idea that the election scheduled for today was to elect class officers.

Co-eds Invited To Y. W. C. A. Function

To Be Held In Women's Faculty Building

All girls of the university are invited to attend the tea in the Women's Faculty building Monday afternoon at 3 o'clock, at which Miss Barbara Lautz, regional secretary of the national Y. W. C. A., will be guest of honor. Miss Lautz' work deals mainly with Y. W. C. A. organization in the various colleges of the country.

Other guests at the tea will be Mrs. J. E. Bednar, member of the board of regents, Mrs. C. W. Meade, president of the local Y. W. C. A. board, and Mrs. H. S. Daniels, prominent University of Omaha alumna.

Officers of the local Y. W. C. A. group are: Mary Rigg, president; Eleanor Larson, vice-president; Cecil DeLong, secretary; Josephine Carroll, treasurer.

The all-University election scheduled for today has been postponed until Friday, October 5, Woodrow Tietzort, president of the Student Council, announced Wednesday. Petitions from candidates will be accepted until Wednesday noon, October 3, he added.

The election was postponed, Tietzort said, because the Student Council failed to comply with a provision in its constitution calling for the announcement in the Gateway of all vacancies in student offices one week previous to the election.

Members of the Board of Publications and Student Council representatives will be selected at Friday's election. There are two vacancies on the Board of Publications open to upper-classmen only. Four representatives (two men and two women) at large from the junior and senior classes will be chosen. Other Student Council offices to be filled: Senior woman, Junior man, sophomore woman, freshmen man, and freshmen woman.

Candidates whose petitions were filed with the Student Council on Wednesday: Board of Publications. (Continued from page 2)

Thelma Sealock To Sponsor Red Cats

Members of the Red Cat Writers' club met Tuesday evening at the university to lay plans for the current year. Miss Thelma Sealock, daughter of President Sealock, will sponsor the club this year.

The purpose of the organization is to encourage and promote interest in literary and news writing. Aspiring writers who are interested in joining may leave their names at the Extension office or with the president of the club.

The club was organized last year in the Extension division. Miss Helen Harris, '34, is president.

Mrs. Dora Golding is vice president, and Miss Jean Cain is secretary-treasurer. The constitution was drawn up by Mrs. Margaret Stribling.

Phi Delta Kappa Meet

Three faculty members of Omaha University spoke at the dinner and meeting of the Psi alumni chapter of Phi Delta Kappa, national honorary education fraternity, Wednesday evening at the Elks' club. The talks centered around the recent curricular changes placed in effect at the University of Omaha. President W. E. Sealock spoke on "The Experiment With Introductory Courses." Dr. Wilfred Payne, professor of philosophy, spoke on "The Humanities Course." The foreign language curriculum was described by Dr. V. Royce West, head of the department of foreign languages.

GATEWAY INTEREST

The purpose of the Gateway is to keep its readers constantly in touch with those things which have a direct or indirect bearing upon them, or which may be of some interest or value to them. It cannot be expected that every bit of news or every point of view will be met with approval by every reader. It can only be hoped for, that even in such a compact group as the college presents, that the paper will at all times satisfy every reader.

This problem of reader interest can be minimized only through the co-operation of the faculty and the student body with the staff of the Gateway. Let the staff know what appeals to you; co-operate with its reporters; send in news tips or even a letter to the public pulse column and the Gateway will be of more interest to you and to the great majority of its readers.

You have to give it to the Sig Chi's for hospitality. John and I no more than got out of the car Monday night when Betty and Dorothy stumbled down the stairs to meet us. Cardinal Line Will Average 108 Pounds

Two Newcomers On Probable North Dakota Lineup

The Cards will go into the North Dakota game with a line averaging over 180 pounds and a backfield about 10 pounds lighter.

In the line the trio of veterans in the middle are certain starters. Johnk, the 205-pound center who has been the bulwark of the defense during scrimmage, is flanked on either side by King, 155, and Hummel, 165. Howard Sorenson, 204, will be at one tackle in the starting lineup, and for the other tackle post, Sed has his choice of several huskies in Gardner, 197, Francis, 205, and Gammon, 194.

Norman Sorenson's injury scrambled up the end situation, but Elliott, 177, Baade, 173, James, 162, and Minikus, 167, have been doing their best for the past two weeks trying to make Sed stop worrying about the flank jobs. All four will probably see service against the Nodaks.

The Omahans will have a well-balanced set of backs on the field when the starting whistle blows tonight. Two of the boys are newcomers, but the work which they have been doing in practice, Quarterback Loder as signal-caller and kicker and Halfback Hender in carrying the ball and backing up the line, promises that they won't be out of their class when they tangle with the Nodaks. Hender weighs 168, Loder 180.

Leo Peary, the old reliable, will start at fullback. The 175-pound blond will do the passing for the Cards in addition to his usual job of line-plugging. Gene Hoover, the 155-pounder who makes the fans think they're seeing things when he twists and turns his way through a broken field, will be at halfback.

Hartman has plenty of backfield reserve strength in hard-tackling Royce Brown, who has been kept on the sidelines lately with a bad leg, and the veterans, Tyler, Turner, Niemann, Huff and Anderson.

Payne, Boyce Lecture

A series of fifteen lectures on "Contemporary Survey of the Humanities" will be given by Drs. Wilfred Payne and Benjamin Boyce at Kellom school. The lectures will be given on alternate Thursdays, beginning September 20 at 3:45 p. m.

own, only two blocks from the crossroads of Hollywood, Vine street and Hollywood boulevard. During their stay of six days the boys saw many famous movie stars, went to the Olympic stadium and Ocean park, spent a Sunday at the exclusive Deaville Beach club in Santa Monica, and did some deep sea fishing on a fishing barge anchored two miles out in the Pacific.

Money became scarce, so on the tenth of July the four packed their clothes, reluctantly gave up their apartment, and said goodbye to Los Angeles and Hollywood. The trip home was made in record time by way of Needles, Flagstaff, Albuquerque, and Santa Fe. They arrived in Omaha on July 15, just four and one-half days after having left the west coast.

OMAHA TEAM TO PLAY FAST N. D. ELEVEN

(Continued from page 1)

Hartman's boys will see a running and passing attack, led by such speedy backs as Witasek, Campbell, and Halverson, together with Forward Passers Leidholdt, Kupcnet, and Charbonneau. These boys have demonstrated their ability by their play in the defeat the Nodaks handed the Winnipeg, Canada, team, 13-3.

The team up north isn't taking this game too lightly, for they have taken into consideration the fact that the Cards averaged three touchdowns per game last year, and consequently Coach West will start his best available men. North Dakota's probable line-up will include: Captain Sauer, center; Braverman and Gehrke, guards; Gairor and Sowl, tackles; Falgrien and Smart, ends; Charbonneau, quarterback; Campbell and Leidholdt, halfbacks, and Kupcnet, fullback.

The Debate club will hold its first meeting of the year this afternoon at 4 o'clock in Room 3 in the men's faculty building.

Students of all classes interested in debating, oratory or public speaking are urged to attend this meeting. Dr. Benjamin Boyce, debate coach, is in charge of the club.

Edgar Randall, ex '35, leaves for Chicago on September 29. He is a student at the University of Chicago and is a member of Sigma Alpha Epsilon fraternity.

STUDENT FORUM

WE'RE BURNING UP

So! The University big shots wouldn't listen to us last week when we asked them in a nice, friendly way to open up that other door at the main entrance to Joslyn Hall! All right, now we are mad! We're going after them now with facts and figgers.

At great expense to ourselves we hired one of the country's outstanding statisticians (at any rate, he once received an "A" in arithmetic) and told him to find out just how much time was being wasted by the student body of this noble institution as they waited on one side of the door for the traffic to pass through from the other side.

His investigations showed that each student wasted an average of 17 seconds daily in this fashion! In other words, the entire student body loses 17,000 seconds each day! Now are you convinced that a reform must be effected? Probably not, so here are some more figures:

Seventeen thousand seconds a day times five days per week means a total of 85,000 seconds lost! Multiply by 36 weeks during a term and we get the staggering total of 3,060,000 seconds! (Or maybe we're staggering from something else.)

To get it down to simple terms so even seniors can catch on, this means 501,000 minutes a semester; or to make it even simpler, so the professors will understand, 8,350 hours!

Now we hope you're convinced of the seriousness and the enormity, to say nothing of the magnitude of the calamity! OPEN THAT DOOR!

Dan Macken, ex '35, and last year's treasurer of the junior class, is pledged to Phi Gamma Delta at Iowa State College, where he is studying Civil Engineering. At the University of Omaha he was active in Theta Phi Delta.

Sybil Tubbs, Mrs. L. F. Johnson and Gunnar Horn, ex '34, are assisting Prof. V. Royce West in the Community Playhouse ticket sale at the University. Prof. West is a member of the Community Playhouse board.

For a cigarette to be milder and taste better it must be

*We wish you could go into the factories and see
Chesterfield made. The mild ripe tobacco is cut in
